SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Acting Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

**School Improvement Grants—
American Recovery and Reinvestment
Act of 2009; Title I of the Elementary
and Secondary Education Act of 1965**

ACTION: Notice of proposed requirements.

SUMMARY: The U.S. Secretary of Education (Secretary) proposes requirements for School Improvement Grants authorized under section 1003(g) of Title I of the Elementary and Secondary Education Act of 1965, as amended (ESEA), and funded through both the Department of Education Appropriations Act, 2009 and the American Recovery and Reinvestment Act of 2009 (ARRA). The proposed requirements would define the criteria that a State educational agency (SEA) must use to award school improvement funds to local educational agencies (LEAs) with the lowest-achieving Title I schools that demonstrate the greatest need for the funds and the strongest commitment to use those funds to provide adequate resources to their lowest-achieving Title I schools in order to raise substantially the achievement of the students attending those schools. The proposed requirements also would require an SEA to give priority, through a waiver under section 9401 of the ESEA, to LEAs that also wish to serve the lowest-achieving secondary schools that are eligible for, but do not receive, Title I funds. Finally, the proposed requirements would require an SEA to award school improvement funds to eligible LEAs in amounts sufficient to enable the targeted schools to implement one of four specific proposed interventions.
